On 22nd May 2023, the Asian Legal Business magazine releases in its China May 2023 issue the 2023 ALB China IP Rankings. Wanhuida Intellectual Property is ranked in Tier 1 Trademark / Copyright and Tier 2 Patents in the category of China Domestic Firms three years in a row.

ALB's annual rankings of the country's best law firms for intellectual property picks the most proficient law firms in patent as well as trademark and copyright work.

The IP ranking is based on an extensive research process, from which ALB draws information from firm submissions, interviews, editorial resources and market insights to identify and rank the top firms for intellectual property in China. This year's IP rankings are again divided into "patents" and "trademarks/copyrights" categories, with five tiers under the patent ranking and four tiers under the trademark/copyright ranking. Tier 1 firms are considered to have the strongest IP practice in the Chinese market.

The rankings are based on an array of metrics, including the volume, complexity and size of work undertaken, presence across Asia and in individual jurisdictions, key personnel hires and growth of the practice group, key clients and new client wins, firm's visibility and profile in the region and year-on-year development and momentum.
